For your help in raising over \$122,000

Pictou County demonstrates continued support for the work carried out through Summer Street Industries. 180 golfers raised over \$122,000 during the one day annual Summer Street Scramble hosted at the Abercrombie Country Club on Friday, June 22nd.

Summer Street believes in the individuality of all people and assists adults with an intellectual disability in achieving personal goals and career paths. The funds raised during the Scramble will help create opportunities for adults who have an intellectual disability.

"You really have to take off your hat to the 180 golfers who have for the last 13 years developed this Scramble into an outstandingly successful event" said David Wallace, Chairperson.

CIBC Wood Gundy team of Howie Anderson, David Whittmore, John George Forbes, Manoj Vohra and Marc Comeau were top fundraisers, raising \$28,245.00. The same team was also the tournament winner with a low score of 59.

The majority of prizes were donated by local artists Lesa McNutt and Graham Barrett who have explored a variety of interests through Summer Street Industries. Summer Street is all about people and helping people realize their potential.
